

Want to put solar panels on your roof?

Find out what is happening locally in your community to save you money by sharing costs through the SOLAR 300 challenge!

Affordable solar water heating and electricity generation has arrived. This talk is an opportunity to find out how to group with others to reduce your water heating or electric bill and, at the same time, your environmental footprint.

Wednesday 8th December 2010

All welcome - 8pm until 9pm

Friends' Meeting House, 28 Regent Place, Rugby

For more information, contact

Rugby Friends of the Earth on 01788 560436

or email coordinator@rugbyfoe.co.uk

We're aiming for a dozen clusters installing in Rugby next year.

www.rugbyfoe.co.uk

Rugby  **Friends of
the Earth**

Rugby Friends of the Earth

Are a group of like-minded local people from different backgrounds with one thing in common; we're passionate about creating a thriving world for everyone. That means a healthy natural environment, a fair economy & a world where everyone's needs are met, now and long term.

Never doubt the ability of a small group of committed individuals to change the world.

Thinking globally, we have acted locally on Airport plans, GM foods & Climate Change

Right now we're concentrating on:

- Raising local Climate Change awareness
- Supporting plans for nearby windfarms
- Encouraging respect for the food chain
- Promoting Rugby wildlife & conservation
- Saving energy in Rugby homes & schools
- Asking residents to look at their travel & waste and to demand action in Rugby
- Fundraising for more campaigning.

Tag along or jump right in

Getting things done on your own can be difficult, but joining our group is easy. Simply fill in this form and post it to us. If you just want to find out more, call Mark on 01788 560436, he's used to his phone ringing at all times, or turn up at one of our meetings.

When and where?

- 8pm on 2nd Wednesday every month but July, at the **Friends Meeting House**, Regent Place, up to 2 hrs with tea-break.
- 9:30pm on 4th Thursday each month except December in the Lounge bar at **The Alexandra Arms**, James Street.

“No Government will achieve anything unless supported consistently and effectively from the outside. And Friends of the Earth does that job better than anyone.”

Michael Meacher MP

Environment Minister 1997-2003

What's in it for you?

On top of the warm and fuzzy feeling from helping us out, you'll also get something back. We'll;

- give you the opportunity to attend training, conferences and get all you need to get the most out of working with us
- keep you up to date with our local and national campaigns, not to mention the times when there's cause for a celebration
- arrange social events and public meetings where you can meet lots of other interesting people. In July we have a picnic and at Christmas a meal.
- raise issues at stalls in the town centre, at village fetes and at events in local parks.

“It's good to get involved with something that's positive and constructive, rather than falling into the trap of thinking there's nothing you can do.”

Thom Yorke, Friends of the Earth's supporter (and Radiohead frontman)

Let's work together for a better quality of life for all. We are always open to new ideas.

Rugby Friends of the Earth
